

# How to Use the Grade 5 and 6 YouTube Channels

- 1. Make your video.** Most cameras come with a common video file format- **.mp4, .avi, .mov**  
**YouTube will take most video types.**  
 (Difficulty may arise when trying to import difficult video file format into an editing program. Keep this in mind if you plan to inset titles, edit the video, or add special effects.)
- 2. Go to YouTube.**
- 3. Sign in using the appropriate login.**
